KITCHEN SINKS & FAUCETS

Introduction

Dear Customers,

Häfele has pioneered the way interior fittings are sold across the globe for many years now. Being a German company our foremost concern has always been to offer our customers products that are at the cutting edge of functionality and design; and backed by the highest standards in Customer Service. In our markets, we are increasingly being recognized as a one-stop interior specialist brand that can enable functionality for any interior design through a holistic solution offering, be it door hardware, furniture or kitchen fittings, sliding systems, built-in appliances, bathroom solutions, furniture lighting and interior surfaces.

Our core competency in kitchen fittings has been a trigger point for us to engineer a range of products for the washing area of the kitchen. Through this catalogue, we present to you a complete and elegant range of kitchen sinks and faucets, backed by advanced technologies and rendered in latest designs, materials and colours. This range of kitchen products comes with the highest standards of quality backed by numerous testing and certifications. What's more is that what we bring to you from across the globe in the form of technology and design has been carefully researched and engineered to ably suit Indian kitchen environments.

Häfele presents to you the patented Silgranit sinks from BLANCO, Germany that come in a range of elegant colours, ergonomic shapes and a multitude of sizes to choose from. Our range of SILGRANIT™ PuraDur™ kitchen sinks is backed by decades of experience and research in market knowledge, engineering proficiency and latest technologies, just so we can adapt it to your likeness and needs. The SILGRANIT™ material is a unique and patented technological break-through that combines the hardest elements found in natural granite, acrylic, ceramic and colour pigments to give you the result of a kitchen sink surface you may have never seen before. Along with this range, comes the sheer elegance in designing competency through our range of BLANCO faucets available in chrome plated finish as well as colours that match the look and texture of our SILGRANIT™ sinks. In terms of quality and technology, these faucets are extensively tested and certified to provide maximum safety in health and hygiene and provide longevity in use thanks to the long-life ceramic disc cartridges which provide for a precise adjustment of the water amount and temperature.

Through this range, we also present to you elegant design and fashion in the form of kitchen faucets from Italy. Backed by years of research and experience, this range is a synonym of quality and safety for you, our customer. These faucets are engineered with an Anti-Lime pure water outlet design where the aerator reduces the possibility of lime formation & increases the lifespan of your faucet. The in-built Water Sense Technology saves 20% more water than similar products in the market. Available in classic Italian designs or modern contemporary lines, you can't miss your favourite pick from this range.

Finally, our in-house range of stainless steel sinks presents itself with inherent properties and features that are most suitable for Indian kitchens where washing and cleaning is an aggressive activity and the use of water is much more than any of our global counter parts. The ARGENTO series is an elegant range of hand-crafted sinks that comes in different designs and sizes to choose from. Our range of punch-bowl sinks under the SPLASH series is carefully engineered to withstand extreme conditions of use. Taking into account the constant exposure of a sink to dampness and moisture, our Stainless steel sinks are coated with Asphalt at the base of the bowl protecting them from condensation or corrosion. A special sound suppression pad of 0.5 to 0.8mm thickness is integrated into the sink bowl which enables these Sinks to absorb excessive noise when vessels are being washed.

So come and experience the elegance of designs and the convenience of functionality of this exclusive range. Visit any of our Design Showrooms for a better understanding and detailed dialogue. We are taking all the necessary precautions at our end to make your visit a safe and fruitful experience.

Enjoy!

Jurgen Wolf.
Managing Director
Häfele South Asia.

Hafele

Reassuring Expertise

"For almost 10 decades, we've been helping people make more of their homes.

Established in Germany, and now operating worldwide, we specialise in the fittings, hardware and systems that improve the way your home works. So when you choose our products as part of your new or reformed home, you know you're getting the benefit of extensive knowledge and →decades of experience.

And we're still a family business, owned and managed by family members who really care about the products and service we provide. You can rely on our commitment to the

highest standards of quality and reliability, founded on a long tradition of German engineering where attention to detail is second nature.

All our home improvement ideas are built to last – day in, day out – we want you to get the very best from every corner of your home, for many years to come."

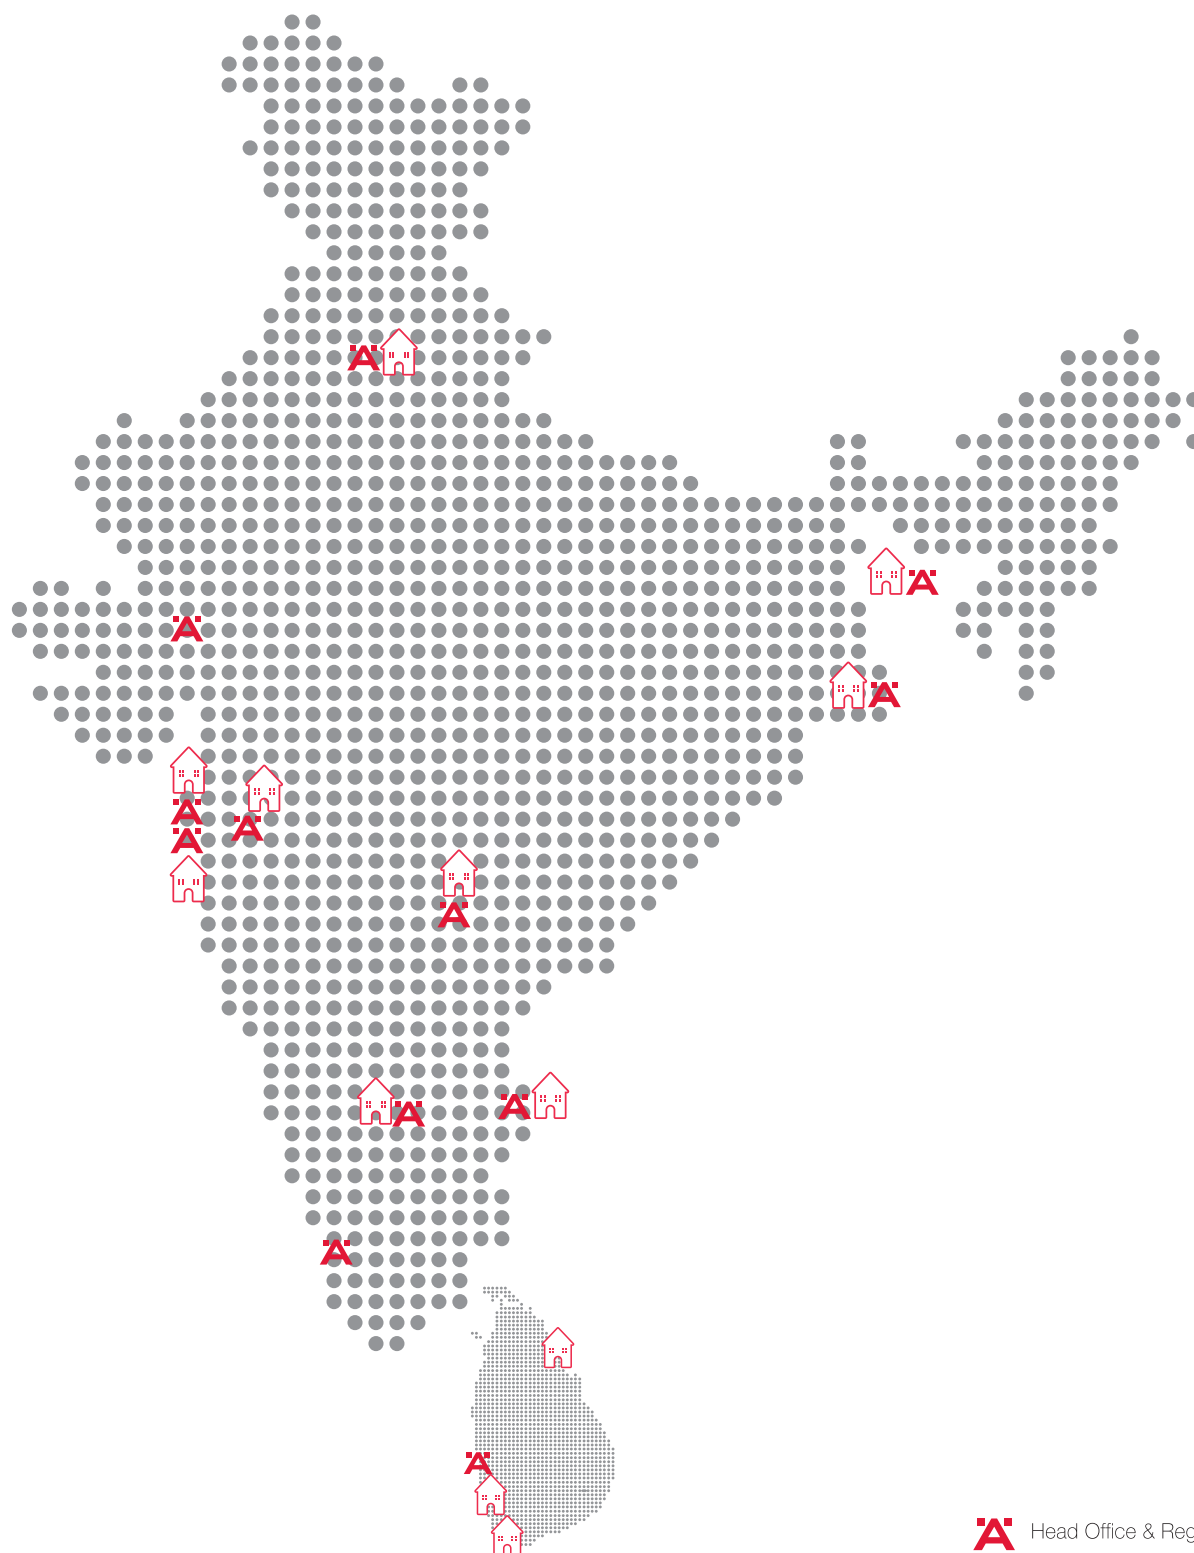

Häfele Worldwide

With its origin in 1923 in a small town named 'Nagold' from the Swabian region of Germany that nurses a passion for hardware technology, it is no surprise that Häfele has lived up to its roots through a successful presence in the architectural and furniture hardware industry for over 9 decades now. Today, Häfele's worldwide penetration includes 38 subsidiaries across Europe, America, Asia, Australia and New Zealand. With these subsidiaries and numerous other sales organisations, Häfele operates in over 150 countries. The Häfele headquarters, 4 manufacturing units and 10 sales offices are located within Germany; while 1 manufacturing unit is located at Budapest, Hungary. The company also owns one of the largest and most sophisticated warehouses in its home country. The Häfele worldwide workforce is empowered by a base of over 8100 employees.

The group services over 150,000 customers across the globe through its extensive range of hardware products and a comprehensive logistics system. In addition to this, Häfele also provides consultative services to its customers, educating and advising them about buying the correct hardware as per their requirements. With this level of market penetration and ability to handle worldwide demand, it comes as no surprise that the company is an authority in the segment of home interior solutions; what is pleasantly surprising, though, is that in spite of its size, Häfele still remains a family owned and run business with a unique, friendly and value-centric work culture which is strongly followed among all its subsidiaries.

Hafele India

 Head Office & Regional Offices
 Hafele Design Showrooms

Häfele India is a wholly-owned subsidiary of the Häfele Global network and has been operating in India since 2003 under the leadership of Mr. Jürgen Wolf (Managing Director). The ability of the company to understand the diverse Indian market has made it an authority in the field of architectural hardware, furniture and kitchen fittings and accessories. The company also has a strong presence in synergized product categories namely Home Appliances, Furniture Lighting, Sanitary and Surfaces catering to the focused demand from these industries.

The subsidiary has a strong nation-wide presence with offices in Mumbai, Pune, Ahmedabad, Bangalore, Chennai, Hyderabad, Delhi, Kolkata and Cochin. It has full-scale operations in Sri Lanka and Bangladesh with Regional offices and Design Showrooms in both the countries; and has also spread its operations to other regions of South Asia including Nepal, Bhutan and Maldives.

Häfele's design showrooms are hubs of international home interior trends and cutting edge designs presented in a world-class environment, where customers can see home solutions in their inherent applications. These showrooms function as a one-stop-shop for all home interior and improvement needs - from providing in-depth technical advice to kitchen and wardrobe designing services through a team of experts stationed at the showroom.

Häfele India services its customers with a base of over 1300 employees, a well-networked Franchise base of over 130 shops along with over 1000 dealers situated across South Asia. The subsidiary has a sophisticated Logistics centre in Mumbai along with distribution centres in Delhi, Bangalore, Kolkata and Colombo respectively.

ENDULGE IN THE PURITY OF DESIGN AND TEXTURE

Kitchen sinks that define unbeatable standards of design, functionality and maintenance.

Our range of **SILGRANIT™ PuraDur™** kitchen sinks from BLANCO, Germany is backed by 60 years of experience and research in market knowledge, engineering proficiency and latest technologies, just so we can adapt it to your likeness and needs. The SILGRANIT material is a unique and patented technological break-through that combines the hardest elements found in natural granite, acrylic, ceramic and colour pigments to give you the result of a kitchen sink surface you may have never seen before.

Advantages of SILGRANIT™ PuraDur™ sink

- Outstanding easy-to-care feature
- Non-porous sealed surface that's easy to clean
- Superior durability
- Patented hygiene protection formula
- Optimum space utilization for more comfort
- Resistant to scratches and harsh conditions
- Material and colour choices that enhance interiors

Today, BLANCO has produced more than 40 million sinks, and is recognized as a world leader in quality, innovation and unsurpassed service. Long gone are the times when a sink was merely used for function. These days, it can be the muse for a kitchen – or perhaps an entire home. Because of BLANCO's dedication to quality, every sink is inspected multiple times before earning the BLANCO name, it's just a part of their commitment to craft. BLANCO commits itself to respect ethical business principles and since 1994 has been a member of the Caux Round Table (CRT), an international network of principled business leaders and companies working to promote a moral capitalism

BLANCO turns a sink into a sink centre. Tips for making the right choice

Optimum space utilisation for more comfort

BLANCO offers solutions for any size of sink cabinet. A cabinet width of 60 cm is ideal for sinks with a main and additional bowl

Ergonomics and functionality

The main and additional bowls and accessories are designed to match each other perfectly. Comfort solutions – such as the AXial concept – help to achieve efficient working.

Cleaning made easy

The surfaces of sinks and mixer taps are wonderfully easy to clean. Special materials help to repel dirt and water.

Mixer taps by BLANCO

BLANCO offers a wide selection of designs of high functionality. Certified in accordance with the strict quality criteria of independent test institutes, they meet the highest requirements for safety and hygiene.

Material and colour add highlights

The right combination of sink and mixer tap creates an ambience that matches any home living style.

BLANCO EasyCare – Care is more than a superficial matter

Easy care of Maintenance

The material contains water and dirt repellent agents - making the sink easy to care for.

BLANCO CARE

Care products from BLANCO are specially designed to suit the respective materials. All conceivable problems can be dealt with - from scratches to limescale deposits and fingerprints to rust, metal abrasion and discolouration.

BLANCO WARRANTY

offers 10 years* warranty on manufacturing defect or faulty workmanship on BLANCO products
* T & C apply

Simply quicker to clean

An independent survey proves it: **the heart of every kitchen is the sink. Over 60% of the work is done here, despite dishwashers!** This creates a great deal of dirt, of course. And this must be cleaned away. But this costs time. This is a great deal to expect but, at BLANCO, it is precisely this which is the driving force behind our developments. **We want to make kitchen chores as simple and as easy as possible.**

BLANCO EasyCare is the name behind this concept, a superior product concept:

Sinks, which are simply easier to clean!

BLANCO sinks are the right choice for:

- the degree of work facilitation
- the long term value of the kitchen
- the pleasure from and in the kitchen

SILGRANIT™ PuraDur™

Easy to maintain and long-lasting

Thanks to the excellent material properties, SILGRANIT™ PuraDur™ offers an ease of care and **level of resistance that has never been offered before** for coloured composite sinks.

Unsurpassed scratch resistance

Unsurpassed resistance to breakage

Unsurpassed heat-resistance to 280°C

SILGRANIT™ PuraDur™ is:

100% suitable for food use

100% acid resistant

100% non fading

Unique colour fidelity

There is a choice of **six delightful colours with the identical surface condition** in all, and all specially designed to match the BLANCO taps.

Material properties

The stony-silky, very finely pored and closed surface create a soft stone-like character that is soft to touch.

New and hygienic: the concealed C-overflow™ enhances the elegant look.

Perfect interplay: the newly designed accessories for optimum steam preparations at the sink.

Hafele's Range of Blanco Sinks comes with a unique colour fidelity and a host of contemporary colours, with identical surface conditions, specially designed to match the BLANCO taps

This section of the catalogue provides you with a detailed description of the features, product specifications and technical details of the models available in the range of BLANCO Kitchen Sinks and Mixer Taps
