Bravat, By Dietsche was born in Black Forest, Baden – Wuerttemberg, Germany a region which has always been known for its history and culture of technological innovation and sophisticated machinery, where world famous enterprises such as Mercedes Benz, Bosch and Porsche are headquartered.

138 years ago, on the mysterious land of Black Forest, the founder of Roman Dietsche established a professional enterprise engaged in the production of bathroom accessories. Several decades later Bravat was launched by Dietsche to meet the demands of the global faucets and sanitary ware market. Bravat combines state of the art German engineering and manufacturing technologies with cutting edge international design and delivers trendy products that meet the most demanding clients' needs and aspirations.

Bravat's International design and engineering team gathers various talents from around the world. Bravat gains from it's group team of 14,000 people from different nationalities working across 21 facilities in 7 countries.

The most competitive advantage of the enterprise lies in its research, innovation, specialized production, supporting capacity, high quality, cost performance, product design and display capacity. It has set up 3 major R&D manufacturing bases in Germany, Europe and China, covering a total area of approx. 4,50,000 sq.m.

Bravat Bathroom Accessories is committed to giving its customers a brand new experience in bathroom. Bravat has 4 branches worldwide in Germany, Russia, China and India.
